

SC DEPARTMENT OF HEALTH AND ENVIRONMENTAL CONTROL

PUBLIC NOTICE

Topic: Proposed Highway 92 Construction and Demolition (C&D) Landfill and Reprocessing Center

Location: 322 Choice Road, Gray Court, SC 29645
Near the intersection of SC Hwy. 92 and Interstate 385 in Laurens County; approximately one (1) mile NE of the Town of Gray Court, SC.

The South Carolina Department of Health and Environmental Control's (SCDHEC) Solid Waste Permitting Section has received a permit application from MRR Southern, LLC, for the establishment of a new long-term, commercial C&D landfill. The proposed landfill will be located within a 130-acre parcel of property that fronts Interstate 385 and is accessed via Choice Road off of SC Highway 92. The proposed landfill is estimated to have a disposal lifetime of more than fifty (50) years.

SCDHEC requires that a permit be issued for C&D landfills pursuant to SC Code Ann. Sections 44-96-10 et. Seq. (Supp. 2006) and 25A SC Code Reg. 61-107.11, *Construction, Demolition and Land-Clearing Debris Landfills* (Supp. 2006). The types of wastes that can be accepted at the Highway 92 C&D Landfill and Reprocessing Center are described in Appendix I of the above-mentioned regulation. Acceptable wastes include, but are not limited to, land-clearing debris, bricks, blocks, shingles, untreated lumber, and other wastes listed in Appendix I that have not been in contact with lead-based paint, hazardous constituents, or petroleum products. Wastes that are **not** acceptable at C&D landfills include household garbage, hazardous waste, and infectious waste. For a more detailed description of Appendix-I-acceptable wastes, please contact one of the persons below to view the application or to request a C&D landfill fact sheet. A copy of the regulation may also be viewed at the following website: <http://www.scdhec.gov/lwm/html/regs.html>.

At this time, the Solid Waste Permitting Section has completed an administrative review of the permit application and found that all required documents are in place to begin a technical review. The Department has performed a preliminary review for consistency with the 1997 Laurens County Solid Waste Management Plan as amended February 13, 2007 and finds the proposed facility to be consistent with that plan.

Who to contact? Copies of the permit application are available by appointment for public viewing during normal working hours at the following physical addresses:

Bureau of Land and Waste Management
SC Department of Health and Environmental Control
8911 Farrow Road
Columbia, SC 29203
